

1.0 Tonne Vehicle Battery Lifting Table

VT-U-DP8

Precision machined safety locks

Safety valve for anti-explosion of hydraulic system

Height limit switch

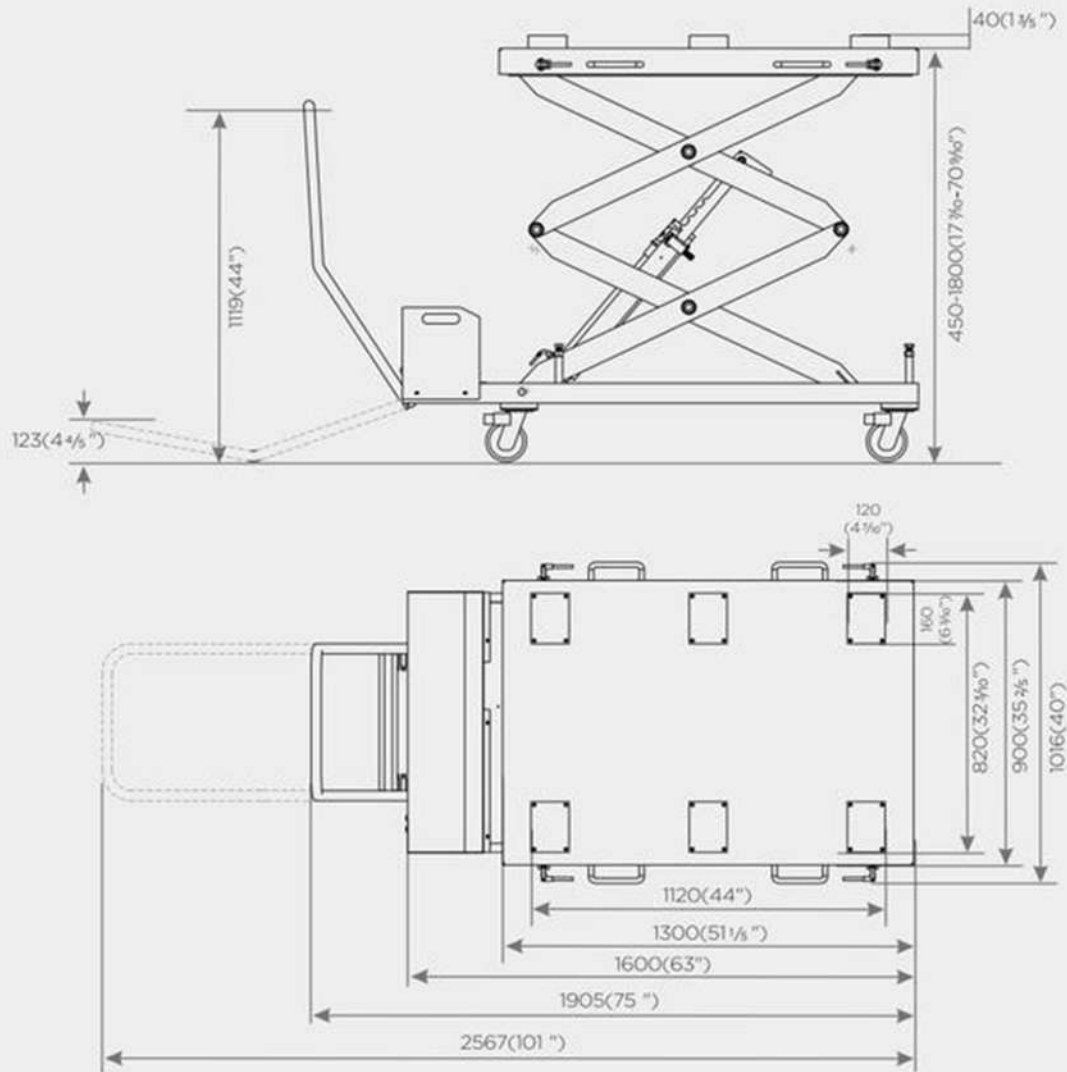

Drive-by-wire button

FEATURES

- Double safety guarantee by hydraulic and mechanical safety locks
- Providing the lowest and highest height limit to ensure safe operation
- The platform can move horizontally + - 40mm in any direction
- Easy to move with 4 strong universal, self-locking casters on the base
- Electric hydraulic drives, 24v low voltage control
- Movable handle which doesn't interfere with lifting operation
- Durable self-lubricating sliding blocks prolong service life of the machine
- Non-slip pads on the platform surface

1.0 Tonne Vehicle Battery Lifting Table

VT-U-DP8

TECHNICAL DATA

Lifting capacity	1.0 Tonne
Lifting height	1,800mm
Minimum height	450mm
Platform length	1,300mm
Platform width	900mm
Total length	2,567mm
Motor Power	220v / 50Hz / 1Ph / 1.5KW
